CYBERTECH CONFERENCE AND EXHIBITION

CYBER. WE LIVE IT. BREATH IT. ALL AT THE FOREFRONT OF GLOBAL INNOVATION.

After the overwhelming success of Cybertech Europe 2018 in Rome, Cybertech invites you to join THOUSANDS of influential representatives from across Europe, Italy and the globe, on the cyber world's main stage at Cybertech Europe 2019! Meet company executives, government officials, startups, investors, leading academics and professionals from the legal industry, marketing, and media sectors that are the movers-and-shakers in the global cyber landscape.

Having served as the epicenter for exchanging ideas, networking and B2B opportunities for players across the industry since 2014—Cybertech Europe is one of the many great events showcasing all the new technological innovations coming from Europe and around the world.

5000 participants attended

40 countries represented

Over **100** insightful speakers

85+ sponsors contributed

1 Nuvola

Amounting to HUNDREDS of unique business opportunities at your disposal—with large-scale and boutique events also hosted in Tel Aviv, Europe, Asia, Latin America, North America, and more. Join us once again in Rome at **Cybertech Europe on September 24-25, 2019**, for a two-day conference and exhibition on the latest innovations, solutions, and developments from the cyber world! Come indulge in stimulating discussions by high-profile speakers and panelists covering hot topics like global cyber threats, strategies, and solutions for challenges in a wide range of sectors including finance, transportation, utilities, defense, and government!

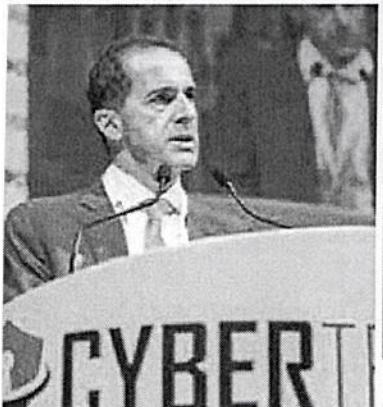

Cybertech Europe also features an extensive exhibition for multinational companies and SMBs alike, along with the renowned global Cybertech Startup Pavilion—where young, innovative startups display their cutting-edge technologies. Everybody loves a good reason to mingle, and if that reason includes a B2B networking platform consisting of the cyber industry's most prominent players—you can be sure we will be there. Whether you're a rookie or expert in the cyber playing field, there's no better gathering of the minds than those of Cybertech events worldwide.
