Subject: Pakistan-Turkey-Kazakhstan Youth Forum on Biotechnology in September 2022

Excellency,

COMSTech has organised a tripartite youth forum (Pakistan-Turkey-Kazakhstan) to promote excellence and competence in the field of Agricultural Biotechnology among Muslim countries. The youth forum will stimulate the desire to collaborate and change the world of agricultural biotechnology and innovation by promoting state-of-the-art practices in biotechnology research and promoting evidence-based practices. The event will include informative talks from young as well as the experienced scientists from around the world. The event will also include keynote lectures, plenary sessions, oral and poster presentations, discussions and other educational and social events that stimulate several networking opportunities among the young participants of Pakistan, Turkey and Kazakhstan. COMSTech will cover all costs related to local hospitality and accommodation of participants while air travel will be borne by the participants themselves.

Further details of the event can be found at <https://www.comstech.org/pakistan-turkey-kazakhstan-youth-forum-on-biotechnology/>. Excellency is requested to forward the enclosed brochures to relevant ministries, universities and research institutes to display on their notice board so that it is brought into the knowledge of maximum number of scientists.

Assuring your Excellency of my highest consideration and best regards.

M. Iqbal Choudhary

Prof. Dr. M. Iqbal Choudhary, Mustafa (PBUH) Laureate, H. I., S. I., T. I.
